

10th April 2005

Cratos Announce Dates of their Product Re-Launch and Showcase at Mallory Court Hotel.

For the last few months, we at Cratos Hospitality Services Ltd have been effecting dynamic changes within the company in preparation of our re-launch.

"As a company with more than 10 years experience within our field, it is vital that we build on that expertise and adapt to fit into the ever-changing market in order to ensure that we stay ahead of the competition," said Jeremy Westcott, Director of Operations of Cratos Hospitality Service Ltd.

The backbone of our new company strategy is visibility - we *know* the caliber and merits of our products, and the time has come to share with the industry exactly how our fully integrated system can benefit their business and offer them increased profitability. After extensive market research and high quality branding, we are ready to reposition ourselves as one of the leading suppliers of software and hardware solutions for the hospitality industry.

In celebration of this success, we are hosting an exciting 2 day Product Showcase and champagne luncheon at Mallory Court Hotel, one of our Michelin Rated sites, on 23rd and 24th of May 2005. This breathtakingly beautiful country house hotel and award winning restaurant is surrounded by ten acres of landscaped gardens, located within the picturesque countryside on the doorstep to Warwick Castle and Shakespeare's Stratford-upon-Avon.

As part of the event, we have scheduled key note addresses by some of our customers which include Andrew Grahame, General Manager of Mallory Court, to talk about their experiences with our systems and how it has benefited them. As our host, he will also be making available a tour of the facilities at Mallory Court.

To see how our software and hardware solutions can be an asset to your business, please contact Michele Dalporto at michele@cratoshospitality.co.uk / 01884 254666 to reserve your seat.
