Ben and Jerry's Install Cratos EPOS Solution at their New Brighton Store.

Cratos Hospitality Services Ltd Install their EPOS Software at Ben and Jerry's New Brighton Store. This is the latest Ben and Jerry's store that Cratos have provided their software and services.

The Cratos solution allows efficient order taking of products and comprehensive 40 column sales reporting at the end of the day. Sales are sent daily to the head-office System where performances can be monitored against other Ben and Jerry's stores using the Cratos EPOS Software Solution. Cratos provides the head-office service where reports on each days sales per store are produced and then posted onto a Cratos provided FTP server where Ben and Jerry's staff can access the information via the Internet at any time from anywhere in the world.
