## **Integrated Chip and Pin Solution Installed at Town and Country**

Cratos Hospitality Services Ltd have developed and installed their first integrated Chip and Pin Solution at Town and Country. The Cratos provided EPOS solution sends bill information to a Verifone wireless terminal which then allows on-line table processing of credit cards via Commidea. The wireless terminal then feeds back the credit card transaction including tip amount to the EPOS register and then closes the outstanding transaction on the EPOS system.

Cratos Hospitality Services Ltd is a part of the Commidea Business program and has been awarded a formal accreditation certificate.
